Good evening Mr. Lester!

I've been asked to prepare the attached document on behalf of the We Say No to Moss 3 Landfill group. The group requests that you include the document in the official record, include it in tomorrow's packets, and disseminate it to the board members.

It contains sections from environmental scientists, engineers, and general citizen concerns that are important for board consideration prior to the meeting.

If you have any questions or concerns around the document, please let me know.

Thank you for your time,

-- Jared Ring
