Dave,

Please let me know as soon as possible.

I know the advisory group is working on issues to present to the board. Please remember to focus on the host agreement model that consists of environmental/engineering, legal, operations, and financial.

If you have any questions, please let me know.

Sincerely,

Lonzo,

Thank you for setting this up. We will confirm after we have heard from all of the Committee Members.

We do have our second Committee Meeting tonight so should be able to confirm no later than tomorrow morning.

Thanks,

Dave

Good morning, Lonzo,

Thank you for your email.

Our thoughts are that we, David Miller, Jared Ring and myself have dinner together tonight to get to know each other better, as we all want to be open minded and courteous of each other's opinions.

After this it makes sense to try to schedule a meeting with you, Mr. Breeding and Ms. Wallace. Perhaps early next week? If you will give us a few options of what works best for you, Mr. Breeding and Ms. Wallace we will work out a date & time.

I know both David and Jared said that they are not available until after 5, due to work. I don't know if this creates too much of a limitation or not, if so, just let me know, because this meeting must happen.

Thank you for all your hard work,

Dave

Good afternoon, Mr. Lester,

Nathan Kiser called and requested that we try to conduct an initial Host Agreement Citizens Advisory Team meeting as quickly as possible.

In talking about a location as we want a room with a white board he suggested that I contact you to see what type of meeting rooms would be available. There are only 3 on the team, but the feedback from them so far is that it must be after 5 pm.

What do you suggest, given that it must be after 5 pm, no specific date set yet as not all have responded.

Thank you,

Dave Cheek
