I don't see why that couldn't be set up sometime after this meeting with the Host Advisory Group on Tuesday. If they have any additional information that they want to share, our attorney and engineer may want to take a little time to review that data, but that hopefully shouldn't take long. We are also looking into speaking with some other local officials who have been through this process in the past to see if they have experienced any of the ominous adverse impacts predicted by the No Landfill Group. After the Tuesday meeting maybe we can take a few minutes to discuss and organize this. Thanks.

Steve & Lou Ann,

I have scheduled a Zoom meeting with Jeff and David at 4:30 and the group at 6 pm in the BOS board room on Tuesday, April 16, 2024. The group has been notified and responded.

Sorry I haven't sent today but I had a family funeral to attend. Stacie's uncle passed.

See link below if needed to attend by ZOOM.

Steve and Lonzo,

Could we possibly have a virtual meeting with the consultants to hear their conclusions and suggestions on the information shared from the first Citizens Committee Landfill meeting? I would like that information.

Mr Kiser put together a fairly strong and competent Committee with community voices, and the work of those folks needs to be recognized. I want that conclusive information and I don't want the citizens Committee to feel like they are wasting their time. I do understand THAT WE THE BOS will have the final say, but we need the information for all of us to make an informed decision.

Could we arrange a debriefing meeting?

Lou
